Healing Arts!

By Jerry Saltz

ART

8. See Healing Arts!

Extraordinary work.

White Columns, 91 Horatio Street,
through November 2.

For over 45 years, Healing Arts Initiative spawned now-well-known and beloved self-taught artists before dissolving, tragically, in 2016. This show bears witness to the genius of artists like Lady Shalimar Montague, Melvin Way, and Irene Phillips. See every kind of space, face, place, and world depicted. The Archives of American Art should house the entire collection.
